

**THÈMES TECHNIQUES / TECHNICAL THEMES**

**Autre / Other**

#Résumé #Abstract	Titre Title	Thème original Original Track	Premier auteur First author	Affiliation du premier auteur First author affiliation
ABS434	Construction Potential Maps in Support to Climate Change Adaptation and Management Strategies: Case Studies From Northern Quebec	9. Autre	Andrée-Sylvie Carbonneau	Université Laval - Centre d'études nordiques
ABS787	Caractérisation physico-chimique et bactériologique des eaux usées brutes de l'hôpital Mère Enfant, Marrakech (Maroc)	9. Autre	Asmaa QADOURI	UNIVERSITE HASSAN II
ABS241	Mackay Symposium: From Science to Technology—The importance of understanding the fundamentals of permafrost science for Engineers practicing in the north	9. Autre	Don Hayley	Hayley Arctic Geoconsultants
ABS231	Analyse des variations des épaisseurs apparentes des hydrocarbures pétroliers dans les puits d'observation	9. Autre	Lamine Boumaiza	Stantec Consulting Ltd
ABS509	Modeling the thermal conductivity of snow over a wide range of porosity.	9. Autre	Mohammad Rahimi	Université Laval
ABS146	Assessment of permafrost conditions in support of the rehabilitation and adaptation to climate change of the Iqaluit airport, Nunavut, Canada.	9. Autre	Valérie Mathon-Dufour	Centre d'études nordiques
ABS597	A DECISION SUPPORT SYSTEM FOR REHABILITATION MANAGEMENT OF BRIDGES IN JORDAN	9. Other	Altayeb Qasem	Middle East University
ABS732	Exceeding Movement Design Limitations in a Temporary Sheet Pile Wall	9. Other	Andrew Walker	Tetra Tech EBA
ABS196	APPLICABILITY OF THE RADIOMAGNETOTELLURICS FOR PERMAFROST INVESTIGATIONS	9. Other	Efremov Vladimir	Geophysicist
ABS197	TRANSITION LAYER AND MONITORING OF PERMAFROST CONDITION BASED ON HIS LONGITUDINAL CONDUCTIVITY	9. Other	Efremov Vladimir	Geophysicist
ABS469	John Ross Mackay—The Greatest Tutor and Best Friend of Chinese Permafrost Researchers	9. Other	Guodong Cheng	State Key Laboratory of Frozen Soils Engineering, Cold and Arid Regions Environmental and Engineering Research Institute, Chinese Academy of Sciences
ABS629	Arctic permafrost thermal variability across an environmental gradient from continuous to sporadic permafrost in the Northern Hemisphere – a Page21 compilation	9. Other	Hanne Christiansen	The University Centre in Svalbard, UNIS
ABS417	The ice age geology of the Mackenzie Delta area, Canada	9. Other	Julian Murton	University of Sussex
ABS296	Estimating Talik Depth Beneath Lakes in Arctic Alaska	9. Other	Kenneth Hinkel	University of Cincinnati
ABS702	Operational permafrost monitoring in Norway	9. Other	Ketil Isaksen	Norwegian Meteorological Institute, Research and Development Department
ABS344	[Keynote] Cold Regions Engineering in a Changing Climate	9. Other	Lukas Arenson	BGC Engineering Inc.
ABS263	Dispute Resolution in Geotechnical Engineering Practice – Some Lessons Learned	9. Other	M.A.J. (Fred) Matich	MAJM Corporation Ltd.
ABS500	Swelling characteristics of bentonite based barriers for deep geological repository for nuclear wastes: Impact of underground water chemistry and temperature	9. Other	Mamadou Fall	University of Ottawa
ABS152	ADAPT monitoring and data base program	9. Other	Mickael Lemay	ArcticNet, Centre d'études nordiques, Université Laval
ABS325	A Multicriteria Based Quantitative Framework for Assessing Sustainability of Geotechnical Projects	9. Other	Mina Lee	University of Waterloo
ABS050	Effects of Spatial Variability of soil parameters on the frame structures, SSI	9. Other	Mohamad Nazieh Jililati	Widener University

**THÈMES TECHNIQUES / TECHNICAL THEMES**

<b>#Résumé #Abstract</b>	<b>Titre Title</b>	<b>Thème original Original Track</b>	<b>Premier auteur First author</b>	<b>Affiliation du premier auteur First author affiliation</b>
ABS556	Time evolution of thermal conductivity and intrinsic permeability of a snow cover	9. Other	Olivier Lachance	Université Laval
ABS102	Lakes of the Western Canadian Arctic: Past Controls and Future Changes	9. Other	Philip Marsh	Wilfrid Laurier University
ABS477	A Case Study on Failure of Rock Slope under Vertical Cut	9. Other	Shangyi Zhao	Logistical engineering university of China
ABS708	Engineering Properties of Uranium Tailings from Northern Saskatchewan, Canada	9. Other	Shifullah Khaled	Thurber Engineering Limited
